Dear PISC Members,

As we celebrate the Centennial of the Portuguese Instructive Social Club (PISC) of Elizabeth, we need to reflect on the foundation and strengths of our club and members. Over these past 100 years, our members and PISC events have been a very active part of our club and the many contributions of our members who still work selflessly towards its continued growth.

As a Councilman, member of the PISC, and Portuguese Community of Elizabeth, I share my utmost pride and extend my sincerest congratulations to all who make part of this past and current history of our vibrant club. To President, Fernando Albuquerque, and all the Board of Directors, keep up the amazing work and keep your focus on the future generations yet to come.

To all who are here today joining in the celebrations of our Club's milestone, please keep supporting the PISC in all its future events and projects. This club has helped many people of our community, which in turn continues to build the prestigious legacy of preserving our Portuguese heritage and traditions here in the City of Elizabeth.

Sincerely.

Manuel R. Grova, Jr.
Councilman-at-Large
City of Elizabeth
